**DATE:** October 5, 2015

**MEMO TO:** Carol Calabresa, Chair  
Land Preservation and Acquisition Committee

S. Michael Rummel, Chair  
Finance and Administrative Committee

**FROM:** Randall L. Seebach  
Director of Planning and Land Preservation

**SUBJECT:** Amendment to a Recreational Lease Agreement with Commonwealth Edison.

**RECOMMENDATION:** Recommend approval of a Resolution authorizing an amendment to a Recreational Lease Agreement with Commonwealth Edison (“ComEd”) to permit the District to construct, operate, and maintain a multi-use public trail on the ComEd right-of-way as a part of a regional trail system linking Lyons Woods to Waukegan Savanna Forest Preserve.

**BACKGROUND:** In 2010, the Board approved a Conceptual Master Plan for Waukegan Savanna Forest Preserve that included the identification of a key trail connection linking together two regional trails, three Forest Preserves, two parks and large residential areas in Beach Park and Waukegan. When complete, this important connection will stretch 6.9-miles from the Robert McClory Bike Path at Lyons Woods through Waukegan Savanna to the Des Plaines River Trail at Sedge Meadow Forest Preserve. The easternmost 2.4-mile section of the proposed trail will traverse the ComEd right-of-way and also travel through and connect with Waukegan’s Bevier and Henry Pfau Callahan parks. The District’s engineering consultant, Gewalt Hamilton and Associates (GHA), has reviewed a portion of ComEd right-of-way located between the Waukegan Savanna and Lyons Woods Forest Preserves and determined that the right-of-way is suitable for a multi-use public trail. In staff’s opinion, the right-of-way will meet the District’s adopted land acquisition goals of extending trail corridors, pursuing cooperative agreements with local governments and developing partnerships.

In 2009, the District and ComEd entered into a Recreational Lease Agreement (“Lease”), under which the District leased portions of ComEd property located to the north of Lyons Woods for the purpose of constructing, operating, and maintaining District trail segments. ComEd has agreed to amend the Lease to include the right-of-way for the planned trail segments. The amendment would extend the initial term of the Lease through 2035, but delete the District’s right to extension terms, which currently allow the District to extend the Lease through 2039.

**REASON FOR RECOMMENDATION:** Committee recommendation and Board approval are required in accordance with District policy.

**REVIEW BY OTHERS:** Chief Operations Officer, Director of Finance, Legal Counsel

**FINANCIAL DATA:** The fee for the Lease was a one-time payment of \$1500.00. That amount has been paid. There is no additional fee due under the amendment.
