SUBJECT: Intergovernmental Agreement with Illinois Department of Transportation for Improvements (including a Shared-Use Path and Relocated Entrance) along IL Route 132 between Duck Farm and Fourth Lake Forest Preserves and Future Land Conveyances

RECOMMENDATION: Recommend approval of a Resolution approving an Intergovernmental Agreement with Illinois Department of Transportation to provide a shared-use path along IL Route 132 between Duck Farm and Fourth Lake Forest Preserves and a relocated vehicle entrance to the Duck Farm Dog Exercise Area.

BACKGROUND: In January 2015, the Land Preservation & Acquisition, Planning & Restoration and Finance & Administrative Committees authorized staff to negotiate an Intergovernmental Agreement (IGA) with the Illinois Department of Transportation (IDOT) to include the construction of a shared-use path along Illinois Route 132 (Grand Avenue) and to relocate the existing Duck Farm Dog Exercise Area vehicular entrance as part of IDOT's road improvement contract.

As part of the planned improvements, IDOT will construct an eight foot wide shared use path on the north side and a five foot wide concrete sidewalk on the south side of Route 132 between the Duck Farm and Fourth Lake Forest Preserves.

The attached resolution approves an intergovernmental agreement (IGA) that sets forth IDOT's and the District's relative cost-sharing and maintenance obligations regarding the Duck Farm entrance relocation and the shared use path. The IGA will allow the District to connect two forest preserves, provide convenient access for hundreds of residents to the Millennium Trail and provide a safer vehicular entrance to the Duck Farm Dog Exercise Area.

District staff expects that, in the future and in conjunction with this project, IDOT will request that the District convey to IDOT:

- 0.20 acre of District property at Duck Farm Forest Preserve through permanent easement for traffic signal equipment and the proposed sidewalk.
- 0.06 acre of temporary easement at Duck Farm Forest Preserve for grading to meet existing grades.
- 0.4 acre of donated temporary easement at Duck Farm Forest Preserve to relocate and construct the new entrance to align with the Munn Road intersection.
- 0.1 acre of District property at Fourth Lake Forest Preserve through permanent easement for the proposed shared-use path.

The attached resolution authorizes the District President and her designees to approve these future conveyances. Staff also recommends that the District design and construct the trail connection from the south end of the proposed shared use path to the existing fire lane/trail head within Fourth Lake Forest Preserve.

REASON FOR RECOMMENDATION: Committee recommendation and Board approval are required in accordance with District policy.

REVIEW BY OTHERS: Chief Operations Officer, Director of Finance, Legal Counsel

FINANCIAL DATA: By including the work now as part of IDOT's road improvement project, the District's share will be 20% of the total engineering and construction costs for a portion of the shared-use path (from the Lindenhurst village limit to the entrance to Fourth Lake Forest Preserve). The District will pay 100% of the cost of the Duck Farm Forest Preserve vehicular entrance relocation. The District will be responsible for the maintenance of the shared-use path along the frontage of Fourth Lake Forest Preserve. This project was approved as part of the adopted FY 2015/2016 Capital Improvement Plan in the amount of \$100,000.00. The District's share is estimated at \$25,990.00 and will be charged to account 35634100-803200-60301.
