RECOMMENDATION: Recommend approval of a Resolution authorizing a Second Amendment to a Recreational Lease Agreement with Commonwealth Edison (“ComEd”) to permit the District to construct, operate, and maintain a multi-use public trail on the ComEd right-of-way as a part of a regional trail system linking Lyons Woods and Waukegan Savanna Forest Preserves.

STRATEGIC DIRECTION SUPPORTED: Public Access and Connections

FINANCIAL DATA: There is no financial impact

BACKGROUND: In 2009, the District and ComEd entered into a Recreational Lease Agreement (“Lease”), under which the District leased portions of ComEd property located to the north of Lyons Woods for the purpose of constructing, operating, and maintaining a trail.

In 2010, the Board approved a Conceptual Master Plan for Waukegan Savanna Forest Preserve that identified a key trail connection linking together two regional trails, three Forest Preserves, two parks and large residential areas in Beach Park and Waukegan. This proposed connection will stretch 6.9-miles from the Robert McClory Bike Path at Lyons Woods through Waukegan Savanna to the Des Plaines River Trail at Sedge Meadow Forest Preserve. The District’s engineering consultant, Gewalt Hamilton and Associates (GHA), determined that a portion of the ComEd right-of-way and Waukegan’s Bevier and Henry Pfau Callahan parks was suitable for a multi-use public trail corridor. In 2015, ComEd amended the Lease to include the relevant right-of-way for the planned addition to the trail.

The trail design information submitted by the District for the 2015 amendment did not specify the use of boardwalks, but ComEd determined that a reduction in the District’s planned grading and the installation of boardwalks were necessary to avoid the need for compensatory storage and reduce wetland impacts. Since the 2015 amendment did not specifically identify the use of boardwalks, ComEd has prepared a second amendment to the recreational lease agreement to provide for the installation of boardwalks. ComEd was cognizant of the bidding and construction schedule and actively cooperated with the District.
