BACKGROUND: The District will be installing native seed in the fall of 2018 at Van Patten Woods, Lakewood, Kettle Grove, Lyons Woods, Wadsworth, Grant Woods, Waukegan Savanna, Cuba Marsh, and Prairie Wolf Forest Preserves as part of ongoing ecological restoration efforts. Seed installation will occur after species control and additional preparations are completed by District staff and volunteers. Seed installation will occur across more than 255 acres.

The project was advertised on December 28, 2017 and six bids were received. A summary of the lowest recommended bids received for approval is listed below:

<u>BIDDERS</u>	<u>TOTAL BID</u>
Prairie Moon Nursery	\$ 199,454.33
Shooting Star Native Seeds	\$ 60,384.29
Genesis Nursery	\$ 56,165.88
Spence Restoration Nursery	\$ 33,267.61
Agrecol, LLC.	\$ 28,633.70
<u>SUCCESSFUL BIDDERS UNDER \$25,000.00</u>	
Cardno, Inc.	\$ 3,532.00

Materials were bid on a unit price per species. Staff has awarded a contract to Cardno, Inc. whose total bid is less than \$25,000.00. Staff recommends that Prairie Moon Nursery, Genesis Nursery, Spence Restoration Nursery, Shooting Star Native Seeds and Agrecol, LLC, each be awarded a contract as the lowest responsible bidder for the species for which it was the low bidder. Each submitted total low bids greater than \$25,000.00, thus requiring Committee recommendation and Board approval of the contracts for those bids. Work is anticipated to begin in November 2018 and be completed by January 2019.
