Agenda Item# 9.5

RECOMMENDATION: Recommend approval of a Resolution approving Change Order Number Six to the Contract with Sentry Security, LLC, for District-wide Fire and Security Alarm Monitoring, Maintenance, Repair and Testing Services.

STRATEGIC DIRECTION SUPPORTED: Organizational Sustainability.

FINANCIAL DATA: This Change Order will increase the cost of the existing contract with Sentry Security by \$1,236.00 annually. There will also be a one-time installation fee of \$3,997.00. Funds for Fire and Security Alarm monitoring, maintenance, repair and testing services are found in account 23104000-704900.

BACKGROUND: On March 10, 2015, the District entered into a two-year contract with Sentry Security, LLC, for District-wide Fire and Security Alarm monitoring, maintenance, repair and testing services. The contract includes up to three additional one-year terms that can be exercised by the District. The District has exercised two of these three options to date.

Over the last three years, the District has approved five change orders to the contract, including, on October 13, 2015, to approve the installation of Security (burglar) Alarms at the Operations and Public Safety building and the associated costs for monitoring and inspection services. Change order number 6 would amend the Schedule of Services to include the installation (\$3,997.00) of Security and Fire Alarms and the associated cost for monthly monitoring and annual inspections (\$1,236.00) at the Pine Dunes' Wildlife Center.

Change Orders that, when added to all prior change orders to a contract, exceed 20% of the contract price or \$20,000, whichever is less, must be approved by the Board. Because of the cumulative cost of the prior change orders, the 20%/\$20,000 allowance was exceeded, requiring Board approval of Change Order Number Six.

REVIEW BY OTHERS: Chief Operations Officer, Director of Finance, Purchasing Manager, Corporate Counsel.
