Agenda Item# 9.6

**RECOMMENDATION:** Recommend approval of a Resolution awarding a Contract to Purchase two 2020 Ford Utility Police Interceptor AWD Hybrid SUV's to Currie Motors, Frankfort, Illinois, in an amount not to exceed \$72,994.00.

**STRATEGIC DIRECTION SUPPORTED:** Organizational Sustainability

**FINANCIAL DATA:** These two vehicles and associated equipment were approved for replacement as part of the adopted FY 2018-2019 Vehicle Replacement Fund Budget (90104100-804000). The total budgeted amount for the vehicles and equipment is \$76,000.00 (\$38,000.00 each), based on an estimated cost for the vehicles of \$60,000.00 (\$30,000.00 each) and for the police vehicle equipment (i.e. lights, sirens, and interior modifications) \$16,000.00 (\$8,000.00 each). The total actual cost of the vehicles (without police vehicle equipment) will be \$72,994.00 total (\$36,497.00 each). The police vehicle equipment will be purchased separately in the near future. The additional necessary funding of \$12,994.00 (\$6,497.00 each) for the vehicle purchase will come from the Vehicle Replacement Fund (9014100-804000) and the annual user charge will be recalculated based on the actual total purchase price.

Staff recommends that the SUVs be outfitted with the standard 3.3L Police-Calibrated Direct-Injection Hybrid Engine System (hybrid) rather than opting for the available 3.3L V-6 TIVCT Gasoline Motor (conventional). This increases the cost of the vehicles by \$3,265.00. The fuel economy for the hybrid engine is EPA-estimated to be significantly higher than for the conventional engine, 24 miles per gallon (mpg) versus 17mpg. Over a 125,000-mile life-cycle, the higher fuel economy of the hybrid is expected to save approximately 2,145 gallons of fuel (approximately \$4,300 in fuel costs at current prices) per vehicle versus the conventional engine.

**BACKGROUND:** In accordance with the District's vehicle replacement guidelines, staff determined that two 2015 Ford Police Interceptor SUVs (Units 147 and 148) used by the Public Safety Department staff are due for replacement. These units are proposed to be replaced with two 2020 Ford Utility Police Interceptor AWD Hybrid SUV's purchased through the Suburban Purchasing Cooperative (SPC).

Pursuant to the Illinois Governmental Joint Purchasing Act, 30 ILCS 525/1 et seq, the District may purchase the new vehicles under a contract that was bid and awarded to Currie Motors by the Suburban Purchasing Cooperative, which is a joint purchasing program sponsored by the Northwest Municipal Conference (NWMC) and three other regional associations.

The new vehicles are expected to be in service for 125,000 miles (approximately five years) per the District's vehicle replacement guidelines.
