RECOMMENDATION: Recommend approval of a Resolution Approving a Property Access Agreement with the North Shore Water Reclamation District to allow access to its property for Ecological Management of the Waukegan Dunes Area, Illinois Natural Area Inventory Site, as part of the Chiwaukee Prairie Illinois Beach Lake Plain restoration project, and rescinding a prior resolution.

STRATEGIC DIRECTIONS SUPPORTED: Conservation; Leadership

FINANCIAL DATA: The work will be funded by the USEPA Sustain Our Grant Lakes Program, private donations, and other Lake Plain funds. District staff would oversee contractual work as part of its on-going Lake Plain restoration efforts.

BACKGROUND: The Chiwaukee Prairie – Illinois Beach Lake Plain project was formally established in 2010 as a concerted effort to protect and manage the unique and high quality natural features of the Lake Plain. The project has since developed to become an effective and widely recognized collaboration of diverse membership that crosses state lines. The North Shore Water Reclamation District (“NSWRD”) could be a new participant in the Lake Plain project.

The Lake Plain, located from the Kenosha Dunes in Wisconsin south to Waukegan Harbor in Illinois, makes a significant contribution to the notable biodiversity of the Lake Michigan watershed and our Great Lakes ecosystem. The majority of this unique Lake Plain is under the protective ownership of public entities and private non-profit organizations. Recognized for its biological, geological and ecological significance, the 4,300 acres of publicly-protected Lake Plain connect 14 different natural community types and provide habitat for over 500 plant and over 300 animal species, including 63 state-threatened or endangered species, two federally endangered species, and two federally threatened species. Equally important, the Lake Plain ecosystem provides critical stop-over habitat for 160 migratory bird species and serves as important breeding habitat for many wetland-dependent bird species. The Lake Plain also provides one of the few areas in northeastern Illinois with significant public access to Lake Michigan via trails, camping, boating, and beach access.

Ecological management of the Lake Plain should be undertaken in a coordinated effort where shared resources and information improves understanding and efficacy of management practices. By working

collaboratively, the stakeholders can more effectively and efficiently pursue funding opportunities and implement common management objectives. The site includes high quality pannes, sedge meadows, sand prairie and dunes. The PAA would authorize the District to control highly invasive common reed (*Phragmites communis*), cattail (*Typha* spp.), reed canary grass (*Phalaris australis*), invasive brush, and other exotic plants within the site.

The Property Access Agreement (“PAA”) that would be approved by the attached resolution would provide the District’s contractor with access to restore a portion of the Waukegan Dunes Illinois Natural Area Inventory site owned by NSWRD. The reason for rescinding the prior resolution is a result of NSWRD adding an additional indemnification requirement and the District’s request for a five-year term.

The PAA includes an atypical indemnification provision. A typical indemnification provision requires the grantee (i.e., the person or entity using the property) to indemnify the owner of the property for the grantee’s negligent acts, but not for the grantor’s negligent acts. However, under the PPA, if an injury claim is made against NSWRD arising out of the joint negligence of both the District and NSWRD, the District must indemnify and defend NSWRD against that claim, even if it is determined that the injury resulted in part from NSWRD’s negligence. The only exclusion to the District’s indemnification obligation in that situation would be if NSWRD’s conduct is “gross negligence or willful and wanton” conduct (which essentially means intentional acts or extremely reckless acts). NSWRD, in its view, is providing an accommodation to the District and does not want to be burdened with any negligence claim arising from its gratuitous cooperation. The District’s liability coverage through the Park District Risk Management Agency (PDRMA) will not extend to the negligent acts or omissions of NSWRD. Purchasing a separate insurance policy for this risk has been researched and it is not available. As a result, if such a claim is made, the District’s costs of defense, settlement, and/or judgment with respect to the claim against NSWRD would come from the District’s insurance fund and, if that was not sufficient, general corporate fund.

Whether to accept the risk identified above is a policy decision to be made by the Board of Commissioners, with a recommendation from the Finance Committee.

The District approved an earlier version of this PPA on May 12, 2020. However, that version was not approved by NSWRD’s Board. Therefore, the attached resolution calls for the District’s repeal of its resolution approving that prior version.

PROPERTY ACCESS AGREEMENT

This Property Access Agreement, hereinafter referred to as “Agreement”, is entered into this _____ day of _____, 2020, by and between the North Shore Water Reclamation District, an Illinois unit of local government, hereinafter referred to as "DISTRICT", and the Lake County Forest Preserve District, an Illinois unit of local government, hereinafter referred to as "LCFPD", collectively referred to as “Party” or “Parties” relative to the DISTRICT's property located at 325 East Dahringer Road, Waukegan, IL 60085, hereinafter referred to as "PROPERTY" and shown in Exhibit A. LCFPD requests permission to enter the PROPERTY for the exclusive purposes of controlling phragmites and other invasive plant species within the limits of the “Project Area” as shown on Exhibit A.

1. DISTRICT, subject to the terms and conditions contained in this Agreement, grants permission to LCFPD, or to LCFPD's agents or assigns, including, but not limited to, LCFPD's employees, authorized consultants and/or contractors, or other designees authorized by LCFPD (collectively, "Authorized Parties") to enter upon the PROPERTY to perform invasive plant management activities (herein after referred as “Work”) within the limits of the Project Area depicted in Exhibit A. This permission shall become effective upon execution of the Agreement by both Parties and upon LCFPD satisfying the insurance requirements contained in this Agreement. No Authorized Parties shall be granted permission to enter upon the PROPERTY until such time as the Authorized Parties have satisfied the insurance requirements of this Agreement. Authorized Parties shall be deemed contractors and/or subcontractors of the LCFPD.
2. The permission granted by DISTRICT under this Agreement is contemplated to be used for the following Work:
 - a. This project seeks to control highly invasive common reed (*Phragmites communis*), cattail (*Typha* spp.), and reed canary grass (*Phalaris australis*) throughout the designated areas of high quality pannes and sedge meadows of Waukegan Dunes INAI preserve and Illinois Beach Nature Preserve and to treat invasive brush and exotic plants in corresponding sand prairie and oak savannas of those high quality natural areas. Chemical control within the project areas of the following species, includes, but is not limited to: lyme grass (*Leymus arenarius*), Japanese knotweed (*Polygonum cuspidatum*), spotted knapweed (*Centaurea maculosa*), winged burning bush (*Euonymus alatus*), barberry (*Berberis thunbergii*), oriental bittersweet (*Celastrus orbiculatus*), common reed (*Phragmites australis*), common buckthorn (*Rhamnus cathartica*), cottonwood (*Populus deltoides*), sandbar willow (*Salix interior*), Cattail (*Typha angustifolia* and *Typha x. glauca*), cemetery spurge (*Euphorbia cyperinus*), dames rocket (*Hesperis matronalis*), sweet clovers (*Melilotus* sp.), crown vetch (*Coronilla varia*), purple loosestrife (*Lythrum salicaria*), reed canary grass (*Phalaris arundinacea*), and common teasel (*Dipsacus laciniatus*).
 - b. Authorized Parties shall perform the Work as provided in a Work Plan that is approved in writing by both LCFPD’s Executive Director and the DISTRICT’S Executive Director (or their designees). No changes may be made to the approved Work Plan without the prior written agreement of the DISTRICT.

3. Upon completion of the Work, LCFPD shall cause the PROPERTY to be restored to the same condition (except for non-native species removed as provided above) prior to the commencement of the Work.
4. The granting of this permission by the DISTRICT is not intended, nor should it be construed, as an admission of liability on the part of the DISTRICT or the DISTRICT's successors and assigns for any issues discovered on the PROPERTY and it is understood that such permission has been granted solely in the spirit of intergovernmental cooperation. The LCFPD and the DISTRICT mutually agree that the subject matter of the Work is not deemed to be defective or a nuisance for which the DISTRICT is or would be directly or indirectly liable or for which any action by the DISTRICT is required or mandated by any law, regulation or common law duty. This Agreement shall not constitute or be used as evidence of any admission of law, fact or liability or a waiver of any right or defense by DISTRICT.
5. LCFPD's Responsibilities. All Work will be performed in a good and workmanlike manner and so as to not unreasonably interfere with the DISTRICT's operation, use and enjoyment of the PROPERTY. LCFPD shall take all reasonable measures to minimize physical impacts on the PROPERTY. LCFPD will accommodate reasonable requests by DISTRICT regarding business interruption issues, including, but not limited to, requests to perform portions of the Work during non-business hours and provide protection, including but not limited to barricades or temporary fencing, to the extent necessary to protect DISTRICT's employees and/or PROPERTY. In the event that there is a disagreement between the Parties concerning any request by the DISTRICT concerning accommodations, that include but are not limited to business interruption, LCFPD shall immediately cease such disputed operations and, if directed by DISTRICT, withdraw from the PROPERTY until such time the disagreement is resolved. LCFPD shall not proceed with such disputed Work. LCFPD, or any Authorized Party, shall not have the right or authority to bring any legal or equitable action to contest or overturn any determination or decision by the DISTRICT that the Work unreasonably interferes with the DISTRICT's operation, use or enjoyment of the PROPERTY and the DISTRICT's order to cease such disputed Work. LCFPD shall have no responsibility pursuant to this Agreement to investigate any conditions on the PROPERTY other than those to be addressed in connection with the Work.
6. Authorized Parties may enter the PROPERTY between the hours of 7:00 am and 3:00 pm, Monday through Friday, excluding holidays which are recognized by the DISTRICT. The Authorized Parties shall notify the Waukegan Water Reclamation Facility Superintendent prior to entry upon the PROPERTY and shall notify the Waukegan WRF Superintendent when the Authorized Parties exit the PROPERTY. LCFPD may also make special arrangements to enter the PROPERTY at other times after written agreement from the DISTRICT, through the DISTRICT's Executive Director. Authorized Parties shall access the Project Area using only a route or routes across the PROPERTY which have been authorized by the Waukegan WRF Superintendent.

7. LCFPD shall indemnify, defend and hold DISTRICT harmless from and against any and all claims, damages, liabilities, costs and expenses (including without limitation reasonable attorney fees) arising out of LCFPD's or its employees' negligence or willful misconduct, except as gross negligent or willful and wanton acts of DISTRICT, or any employee or officer of DISTRICT. LCFPD shall cause the LCFPD's contractors performing the Work to indemnify, defend and hold DISTRICT harmless from and against any and all claims, damages, liabilities, costs and expenses (including without limitation reasonable attorney fees) arising out of such parties' negligence or willful misconduct, except to the extent that any injury is caused due to the gross negligence or willful and wanton acts of DISTRICT, or any employee or officer of DISTRICT. LCFPD and/or its Authorized Parties have requested permission to enter upon property owned or controlled by NSWRD to perform such work for the sole benefit of LCFPD and/or its Authorized Parties and not for the benefit of the NSWRD. NSWRD, LCFPD and/or its Authorized Parties specifically agree that NSWRD is receiving no material benefit from the Work contemplated by this Agreement and that NSWRD will receive no financial remuneration in exchange for allowing LCFPD and/or its Authorized Parties to enter upon the PROPERTY and perform the Work contemplated by this Agreement. The PROPERTY is not open to the public nor is the PROPERTY maintained or operated with the expectation that the public or other persons or entities would be allowed to enter upon the PROPERTY without being accompanied by a representative of the NSWRD. The NSWRD will not be accompanying or supervising the Work that is to be performed by LCFPD and/or its Authorized Parties and therefore, NSWRD makes no representations regarding the condition of the PROPERTY or of the existence of any known or unknown hazards associated with the PROPERTY and shall bear no liability unless such liability is based upon the willful and wanton breach of a duty owed by NSWRD. LCFPD acknowledges and accepts the condition of the PROPERTY as is along with the potential existence of any known or unknown hazards associated with the PROPERTY and assumes all associated risks by willingly entering upon the PROPERTY. This contract is entered into by the parties pursuant to the authority granted in the Constitution of the State of Illinois and Illinois Compiled Statutes providing for intergovernmental cooperation and authorizing the transfer of liability between the units of local government. LCFPD and its Authorized Parties willing, and voluntarily assume full responsibility for all risks of any and every kind involved as to any condition of the PROPERTY encountered while exercising any portion of the permission granted by this Agreement in furtherance of the Work. Without limiting the generality of the foregoing, LCFPD hereby irrevocably releases NSWRD, its employees, agents, representatives, contractors, subcontractors, successors, heirs, assigns, affiliates, and legal representatives (the "Released Parties") from, and hold them harmless for, all claims, rights, demands or causes of action whether known or unknown, suspected or unsuspected, arising out of the condition of the PROPERTY.
8. Insurance. LCFPD shall maintain the insurance coverages set forth in Exhibit B attached hereto. LCFPD shall cause Authorized Parties (who are not also LCFPD employees) performing the Work to maintain the insurance coverages set forth in Exhibit C attached hereto. Such coverages shall be maintained at all times during the performance of the Work on the PROPERTY. For "claims made" coverage, a tail period that extends two (2) years after the termination of this Agreement. LCFPD shall provide the DISTRICT with

certificates of insurance evidencing the foregoing insurance coverages with DISTRICT as named insured. DISTRICT shall be named as an additional insured on these policies, and the policies shall contain a waiver of the insurer's right to subrogation against DISTRICT. Thirty (30) days' notice shall be given to DISTRICT prior to cancellation of any such insurance. LCFPD may meet these coverage requirements for itself through self-insurance. LCFPD shall have the duty and obligation to review and determine that Authorized Parties have and maintain the insurance coverages required under this Agreement as set forth in Exhibit C.

9. LCFPD shall be responsible for obtaining any necessary state or federal permits, including any from US Army Corps of Engineers, Illinois Environmental Protection Agency, Illinois Department of Natural Resources, and any others. LCFPD shall provide copies of approved permits to DISTRICT, or, if none are required, shall provide documentation of such.
10. Information will be held in confidence unless the LCFPD requests in writing and is granted permission by the DISTRICT to release information to third parties.
11. In exercising its access privileges, the LCFPD or Authorized Parties shall not interfere with the DISTRICT's operations on the PROPERTY.
12. LCFPD or Authorized Parties will give notice to the DISTRICT at least one (1) week in advance of the start of field activities on the PROPERTY.
13. DISTRICT will make such reasonable effort to give Authorized Parties access to the PROPERTY for the purposes set forth in this Agreement unless such access will interfere with or hinder operations, construction or other activities of the District.
14. Any Party to this Agreement may terminate this Agreement by giving two (2) weeks' advanced written notice.
15. The provisions of the Indemnification and Insurance clauses contained herein shall survive termination of this Agreement.
16. This Agreement shall be in effect on the date executed by both Parties and shall terminate on November 1, 2025.
