RECOMMENDATION: Recommend Approval of a Resolution Approving Deaccession and Conveyance of Out-Of-Scope Items from the Bess Bower Dunn Museum of Lake County's Collections.

STRATEGIC DIRECTION SUPPORTED: Organizational Sustainability

FINANCIAL DATA: There is no cash outlay for this project. All items will be disposed of in accordance with the Dunn Museum's Collection Policies, and the Downstate Forest Preserve District Act, and the proceeds will be used for the acquisition or care and preservation of Dunn Museum's collections.

BACKGROUND: The Bess Bower Dunn Museum of Lake County (Dunn Museum) cares for historic collections that preserve the material culture of Lake County, Illinois. From time to time, Dunn Museum staff conducts inventories of the Dunn Museum collections. This work includes conducting the necessary research to determine what, if any, items should be deaccessioned from the collections based on the criteria defined in Section V. Deaccession, of the Dunn Museum's Collection Policies (approved November 2017).

After careful analysis, the Dunn Museum's Collections Committee is recommending that the 431 items listed in Attachment A be deaccessioned from the collection and disposed of in accordance with the Dunn Museum's Collection Policies and the Downstate Forest Preserve District Act. These items have been determined either to have no known relationship to Lake County, to be in poor condition, or to have no future benefit to the Dunn Museum for preservation, scholarly research, or exhibition.

All funds received through the sale of materials from the disposition of deaccessioned objects will be used only for the acquisition, care, and preservation of collections as mandated by the professional standards set forth by the American Alliance of Museums to which the Dunn Museum, as an accredited museum, adheres.

REVIEW BY OTHERS: Chief Operations Officer, Director of Finance, Superintendent of Educational Facilities, Corporate Counsel.
