

**DATE:** August 30, 2021

**MEMO TO:** Jessica Vealitzek, Chair  
Operations Committee

**FROM:** Mary E. Kann  
Director of Administration

**RECOMMENDATION:** Recommend approval of a Resolution approving an Annual Maintenance and Licensing Agreement for Geographical Information System (GIS) Enterprise software to Environmental Systems Research Institute, Inc., in the Contract Price of \$48,601.00.

**STRATEGIC DIRECTIONS SUPPORTED:** Organizational Sustainability; Conservation

**FINANCIAL DATA:** This item was approved as part of the adopted FY2021 Budget, in the amount of \$57,400.00. The amount of \$48,601.00 will be charged to account 91124000-709000.

**BACKGROUND:** The Annual Maintenance Agreement that would be approved by the attached resolution (Agreement) is required to utilize the Geographical Information System (GIS) enterprise-wide software that was installed at the end of FY18/19, as part of the District's Strategic Plan for Data-driven Conservation. GIS software is used to streamline data sharing, increase cross-departmental communication, and better inform decision-making for land conservation, maintenance, and development. The Agreement would provide the District with daily customer support services for the GIS software, annual licensing, and all software updates for a period of one year. This annual licensing covers ArcGIS Server, ArcGIS Desktop, ArcGIS Online and Field App software.

The GIS software interconnects office and field work to a centralized District-wide Enterprise GIS system that is utilized for a variety of purposes, including creating maps for Committee and Board meetings. It supports the development of web applications utilized by over 100 staff members. These applications support workflows, including wildlife and rare-plant monitoring, controlled burn and hazard reporting, maintenance inspections, plus asset and invasive species inventories. The software is also used in public-facing web applications, such as the Interactive Trail Map, closures and underpass status maps, activity status maps, and a map of the Green Gifts to the Preservation Foundation.

**REVIEW BY OTHERS:** Chief Operations Officer, Information Technology Officer, Director of Finance, Purchasing Manager, Corporate Counsel.
