Agenda Item# 9.6

SUBJECT: Hydrologic Analysis and Design Services for Southern Des Plaines River Forest Preserves

RECOMMENDATION: Approve a Resolution awarding a Contract for hydrologic analysis and design services at Southern Des Plaines River Forest Preserves to Hey and Associates, Inc. of Volo, Illinois, in the Contract Price of \$61,070.00.

BACKGROUND: In the winter of 2012-2013 the Lake County Forest Preserve District (District) began working on the Southern Des Plaines River Preserves Habitat Restoration Project (Oak Woodland Restoration Project). Much of the work to date has focused on clearing exotic and invasive woody species to improve habitat and light transmission to ground layer vegetation. This project will focus on another aspect of habitat restoration, the hydrology of northern flatwoods communities. Work will take place at Grainger Woods Conservation Preserve and Captain Daniel Wright Woods Forest Preserve (including the portion known as Lloyd's Woods) as these preserves are all linked by existing agricultural drain tiles, road and trail culverts, and natural surface/ground water connections.

Hey and Associates, Inc. will provide hydrologic analysis and design services to the District to aid in restoration activities, including land surveying, wetland delineation, analysis of existing conditions, design for wetland restoration (removal of agricultural drain tile, installation of water control structures, coordination of work across property boundaries, hydraulic studies for potential surface water flows). This project will expand the scope of previous projects to further manage and enhance natural habitats within the Southern Des Plaines River Preserves Habitat Restoration Project.

Staff recommends that Hey and Associates, Inc. of Volo, Illinois be awarded the contract as they are a professional service contractor skilled in this type of project. Work is anticipated to begin in March 2015 and be completed by December 31, 2015.

REASON FOR RECOMMENDATION: Committee recommendation and Board approval are required in accordance with District policy.

REVIEW BY OTHERS: Chief Operations Officer, Director of Finance, Legal Counsel

FINANCIAL DATA: This project was approved as part of the adopted FY 2014/2015 Capital Improvement Plan for Southern Des Plaines River Habitat Restoration in the amount of \$686,718. This portion of the project was estimated at \$60,000.00. The actual cost of \$61,070.00 will be charged to Southern Des Plaines CIP Project (201041000-803200-65004).
