Agenda Item# 10.5

RECOMMENDATION: Recommend approval of a Resolution approving Three-Year Pricing Schedules for Managed Internet Services from AT&T Corporation, in an amount not to exceed \$68,277.20.

STRATEGIC DIRECTION SUPPORTED: Organizational Sustainability

FINANCIAL DATA: The contract price is \$1,895.20 monthly, totaling \$68,227.20 over the three-year life of the pricing schedules. These services are budgeted in the FY2022 budget, in fund 19224000-701400.

BACKGROUND: The District currently has a Master Agreement with AT&T Corp., for all services and equipment provided by AT&T to the District, including dedicated internet service and voice-over IP services (collectively, "Managed Internet Services"). Staff recommends that the Master Agreement be amended by approving new three-year pricing schedules for Managed Internet Services. The new pricing schedules will result in a \$4,788.00 (\$1,519.10 per year) increase in the contract price from the current pricing schedules (as amended by change order); however, the internet circuit speed will increase from 100Mbps to 1 Gbps, which is ten times faster. This increased speed is needed, due to the increase in video conference use and the additional use of online cloud-based applications.
