Dear Friends,

The Township has a year-round responsibility to help eligible Township citizens meet their basic living costs through financial assistance and counseling referrals. However, many families also come to us for help with everyday household essentials. Our food pantry is open weekly to meet that need.

Your generous donation of 43 bins of food products to the Libertyville Township Food Pantry will assist these families. We are pleased to coordinate this effort and serve the needy in our community.

On behalf of the Township, and our recipients, we send our sincere gratitude for your contribution.

Cordially,

Kathleen M. O'Connor  
Supervisor
