MEMO TO: Gina Roberts, Chair

Finance Committee

FROM: Steve Neaman

Director of Finance

RECOMMENDATION: Recommend approval of an Ordinance amending the Fiscal Year 2024 Budget to reflect carryovers for projects budgeted but not completed in Fiscal Year 2023.

STRATEGIC DIRECTION SUPPORTED: Organizational Sustainability

<u>FINANCIAL DATA:</u> The items were approved projects from FY2023 and the accounts and amounts are detailed on the attached report.

BACKGROUND: The list of accounts and dollar amounts attached to the Ordinance identifies projects that were budgeted for and started in FY2023, but that were not completed by December 31, 2023. Under generally accepted accounting principles (GAAP), such projects should not be expensed in the year in which purchase orders were issued; instead, the next year's fiscal budget should be modified to include in that budget the unexpended balance of the budgeted item that is expected to be expended in that next fiscal year ("carryover expenses") and the corresponding revenue sources for the carryover expenses.

Each year, the District adopts an ordinance to amend the current year budget to add the carryover expenses from the prior year. Accordingly, this ordinance amends the FY2024 budget to add the carryover expenses from FY2023 in the total amount of \$22,199,805.47 and carryover revenues of \$4,867,040.86 for a net total of \$17,332,764.61.

Every fiscal year, consistent with the Downstate Forest Preserve District Act, the District uses language in its appropriations ordinance stating that sums of money appropriated for development of District lands that have not yet been expended, shall not lapse and money received for that purpose shall be held at least five years after its appropriation, to be used for the purpose for which it was appropriated. Therefore, there is no legal reason to amend the appropriations ordinance to re-approve such expenses.
